SELECTMEN'S REPORT

In 1977 the Selectmen have seen increased demands on the Town from increased regulations by State and Federal Agencies. This has required the Selectmen to spend more time meeting the demands of these State and Federal Agencies and the reports required by these Agencies.

An area which has been of particular concern in 1977 is Solid Waste Disposal, The Town has reviewed several possible sites for sanitary land fill and did extensive testing on one site, only to find that it would not meet the requirements of solid waste disposal. The Selectmen are presently working with a consultant and the Department of Environmental Protection in an effort to locate a suitable site for waste disposal.

We were fortunate to pass another year without the need to call a Special Town Meeting. This not only saved the Town money, but also avoided imposing the wants of special groups upon the Town as a whole.

A severe Spring storm in March caused extensive damage in the Town. Many of the Town Ways required major repairs after this storm,and the Dams at Lake Sherburne and Thyng's Mills were washed out. As a result of the loss of the Dam at Lake Sherburne it was necessary to reduce the property values surrounding the Lake.

In mid-April the Town acquired, by matured tax liens, over 400 lots in the Lake Arrowhead Development. The Town is presently in the process of determining the best course of action for disposition of these lots.

In 1977, the Selectmen spent many hours assessing property in the Town. This included a review of all new structures and review of many of the older structures in the Town.

We were fortunate in 1977 to hold the increase in the tax rate to less than 5% this was accomplished through careful spending by the Town.

The Selectmen wish to thank the many Boards and Commissions that have worked for the Town in 1977. They have donated their time and worked hard for the Town and its government. We encourage all citizens to become involved in town government and solicit their support for these agencies.

MUNICIPAL BUILDING COMMITTEE REPORT

As a result of a motion voted and passed at the 1977 Annual Town Meeting, the Municipal Building Committee has been actively developing a building plan and design, with as specific as possible costs, to present to the 1978 Annual Meeting. To aid us with this effort, the Committee interviewed five architects and/or architectural firms and as a result, retained the services of Philip Snow Associates of South Portland. With the help of that firm, the Committee has a building plan which we feel not only will meet the present and future needs of the town, but is also within the financial resources of the town. Two public informational meetings on the proposed building were held late in January 1978 to provide the people of the town an opportunity to review and discuss the plans with the Building Committee. The plans will be discussed and presented for a vote at the 1978 Annual Town Meeting. The members of the Building Committee urge every citizen of Waterboro to attend that meeting.

CONSERVATION COMMITTEE REPORT

The Waterboro Conservation Commission meets the second Monday of every month at the Waterboro Town Office.

Because of the great amount of timber land and timber related industries in this area our special project for 1977 was a series of meetings on woodlot management. On March 16 a regional meeting in which we were joined by surrounding towns was held at Massabesic. Speakers were Mr. Sterling Dow. Executive Director of the Maine Assoc. of Conservation Commissions, Mr. Robert Umberger from the Bureau of Forestry explained the "Tree

Growth Tax Law" and Janet Milne of the Maine Coast Heritage Trust gave information on "Conservation Easements". Two other meetings were held in April aided by Mr. Jim Trask of the Massabesic Forestry who spoke and lined up other speakers who gave invaluable information to woodlot owners. These sessions were followed by a field trip to a wood lot on the property of Mr. Tom McConkey where Jim Trask demonstrated proper cutting and cleaning of different stands of timber. In the spring members attended a workshop at Bonney Eagle covering "The Comparative Economics of Development and Conservation". They also went to the annual meeting of the Maine Association of Conservation Commissions in October at the Holiday Inn in Portland. Five "Local Action Training Program Workshops" were held at the Court House in Alfred covering dumps, Sewer Systems and Water Supply Systems, and your Conservation Commission members were represented at some of these.

We joined the Maine Association of Conservation Commissions. In our efforts to keep the townspeople informed and educated on various environmental issues affecting the State of Maine we obtained a slide/sound show entitled "The Dickey-Lincoln Project" and Maine from the Natural Resources Council and presented it at Massabesic High School in September.

Other subjects discussed by our commission have covered The Tenneco Pipe Line energy conservation measures, solar power and solid waste disposal. Members are Jane Willett, Chairman appointed to 1979, Emily Hamilton, Secretary appointed to 1978, Stanley Gawron, appointed to 1981, Jane MrGrath, appointed to 1982 and Associate Member, Thomas McConkey.

1977 REPORT OF THE CODE ENFORCEMENT OFFICER

To the Board of Selectmen, Town of Waterboro:

During 1977, 92 permits have been issued, 9 applications for permits have been denied. 48 Zoning and Building violations have been cited and corrective action has taken place on 43 of these, the remaining 5 violations are in corrective process. We have much work to do in the pond and lake areas of the town in regards to raw

sewage entering these waters and improper land use along the shore-fronts; this work will commence in the spring.

Mileage travelled for Code Enforcement in 1977 was 5,114 miles. 738 phone calls have been received for information regarding zoning and registering complaints.

We would like to thank the Board of Selectmen, Planning Board, Appeals Board and the Townspeople for their help and efforts in making our Zoning Ordinance and enforcement effective and beneficial to the integrity and character of the Town of Waterboro.

WATERBORO FIRE DEPARTMENT REPORT

To the Citizens of the Town of Waterboro:

We hereby submit the following report for the year ending December 31, 1977. The department responded to a total of 222 calls as follows:

Ambulance calls	132
Fire calls & smoke investigation	75
Pumping cellars	12
Bomb threats	2
Lost Persons	1
Total	222

We have held a breathing apparatus school for Scott Air Paks. Ten men went to the Fire Attack School at Sanford, put on by the York County Fire Chief Assoc. We have won a CPR course, an advances first aid course and an 81 hour EMT course for ambulance attendants.

The department hopes to purchase a new ambulance this next year, as the one we have is getting to small with the equipment that

has to be carried.

We also would like to purchase another tank truck for the department, to be housed at the East Waterboro Station.

The Ladies Auxiliary donated money with which to purchase plectrons. They also made a donation towards the new ambulance.

I wish to thank the men of the Department, the Auxiliaries and citizens of the town of Waterboro for their help during the past year.

Respectfully submitted,

Raymond L. Emmons
Chief

PLANNING BOARD ANNUAL REPORT, 1977

The Waterboro Planning Board held 12 Regular and 4 Special meetings and 2 hearings; reviewed 5 applications for approval of proposed construction; granted 8 permits for power connection and approved 1 subdivision.

It completed and recommended a Zoning Ordinance to the Annual Town Meeting. It was adopted and 800 copies have been printed.

In April of each year the term of one member of the Planning Board expires and the Selectmen must reappoint the member or appoint a new one, whichever they deem advisable. Those interested in being appointed to the Board should notify the Selectmen in writing.

Respectfully submitted,

Douglas C. Foglio, Chairman

REPORT OF THE PLUMBING INSPECTOR

During the past year—from Jan. 1, 1977 until Dec. 31, 1977 68 permits were issued by me. The break down of these permits are as follows:

From Jan. 1, 1977 until Sept. 1, 1977, when we started using new State forms—I issued 26 permits.

16—complete permits (internal & external)
3—Mobil Home hookups, including sewage disposal system.
2—complete replacement of all sewage disposal systems.
1—holding tank
2—internal plumbing of new homes replacing trailers
2—permits for replacement of old plumbing fixtures

From Sept. 1, 1977 until Dec. 31, 1977 seperate permits had to be issued for Internal and External Plumbing. During this period I issued:

25 External Subsurface Sewage Permits	17 Internal Plumbing permits
23 for complete systems	15 complete Internal Plumbing
1 replacement tank	2 trailer hookups
1 replacement bed	
25	17

I wish to take this opportunity to thank those people building and remodeling in the Town of Waterboro for their cooperation in obtaining Plumbing Permits, before they start construction. I would also like to remind these people that I have to inspect this plumbing when completed so that I may issue a certificate of approval and send the State a copy.

Thanks again for your cooperation,

Respectfully submitted,

Richard W. Meggison
Local Plumbing Inspector #219

REPORT OF THE SACO RIVER CORRIDOR COMMISSION

The Saco River Corridor Commission is composed of representatives of the 20 communities bordering the river from Fryeburg to Saco and Biddeford. Each town within the corridor is represented by one full member and one alternate appointed by the Selectmen. A Commission Meeting is held once a month. Waterboro's full member is Jane Willett who this year served as 2nd Vice Chairman and Finance Committee member. Waterboro's alternate member is William Burt who also served as a Rules Committee member.

The Commission was very busy this year. Because of the amount of building occurring in Lake Arrowhead, a large number of the permit applications the Commission considers are for new construction in Waterboro. 21 percent of the applications to the Commission this year were for construction in Waterboro.

The last session of the Legislature passed a bill prepared by the Commission that gave it a little more flexibility in responding to the problems of individual property owners. The staff has continued to assist property owners in preparing applications going before the Commission, as well as providing them with help in complying with state laws such as the Great Ponds Act. Any Waterboro resident interested in obtaining information about the Commission or the effect of the Act on their land should feel free to call either of its Commission representatives or Carl Laws, Executive Director, at the Commission office in Cornish 625-8123.

SCHOOL ADMINISTRATIVE DISTRICT NO. 57
Office of the Superintendent
Waterboro, Maine 04087

To the Citizens of the Town of Waterboro:

It is my pleasure to prepare this Annual Report of the activities of SAD #57 as they pertain to Waterboro.

A great step forward has been taken by the people of Waterboro and the other five towns in the District. On December 5, 1977 you went to the polls to vote on three elementary school projects in SAD #57. The proposed new schools in Waterboro and Lyman and an addition to the Shapleigh Memorial School were approved by the voters as a means to alleviate the overcrowded conditions in our rapidly growing district.

The new elementary school in Waterboro will be located at

Waterboro Center between Route 5 and the Old Alfred Road. The facility will house about 450 students. In addition to regular instructional stations, the facility will contain a cafeteria, gymnasium, resource center and other support facilities.

The State Board of Educational and Cultural Services has given final funding approval to our school construction project. Within a few weeks the project will go out for competitive bidding with ground breaking and construction expected to begin during the month of April. The completion date for the Waterboro school is expected to be September 1979. Until the school is completed we will continue to house students in non-district facilities.

Since coming to the District this fall, I have recognized a willingness on the part of the citizens to work hard for a quality educational program to serve the needs of our young people. I wish to express my appreciation for your help and support.

Respectfully submitted,

Vincent J. Gallucci
Superintendent

YORK COUNTY HEALTH SERVICES REPORT

York County Health Services is a non-profit community health agency with offices located in Saco, Waterboro, Wells and Sanford. It is from these offices that nurses, therapists and health aides are dispatched to residents in nearby towns throughout the county.

Nurses made 333 visits to children and adults in their homes in Waterboro from January to December, 1977. Therapists and health aides made 161 visits during this same time period.

Children came to our clinics 829 times and nearly 14% or, approximately 115 children, had to be referred to their doctor for further diagnosis and treatment.

Adults made 51 visits to clinics to be tested for such problems as anemia, diabetes and high blood pressure. We referred about one person in every ten.

Waterboro's tax allocation to York County Health Services ensures home health care, clinics and other community health services to all requiring such care.

ZONING BOARD OF APPEALS
REPORT FOR 1977

To the Town of Waterboro:

The Zoning Board of Appeals had 6 requests for variances to the Waterboro Zoning Ordinance.

One hearing was cancelled by the appellant just prior to hearing date. The remaining five appellants appeared before the Board. Four of the requests for variance were granted with the remaining one amended to conform with the zoning regulations.

Sincerely,

John L. Young, Secy.

Board of Selectmen
Town of Waterboro, Maine

We have examined the financial statements of the various funds and account groups of the Town of Waterboro, Maine for the year ended December 31, 1977, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, the aforementioned financial statements present fairly the financial position of the various funds and account groups of the Town of Waterboro, Maine at December 31, 1977 and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information is not necessary for a fair presentation of the financial statements, but is presented as additional analytical data. This information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

TOWN OF WATERBORO, MAINE

Notes to Financial Statements
December 31, 1977

(1) Summary of Significant Accounting Policies

The financial statements are presented in accordance with generally accepted accounting principles applicable to State and local government units. The basic principles have been promulgated by the National Committee on Governmental Accounting. These principles have evolved over the years and received the general endorsement of governmental official, the general public and other persons interested in financial statements of such units.

Funds

In government the basic accounting and reporting entity is a "fund". A fund is defined as an independent fiscal and accounting entity with a self balancing set of accounts recording cash and/or other obligations, reserves and equities which are segregated for the purpose of carrying specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

Basis of Accounting

The modified accrual basis of accounting is followed for the General Fund. The modified accrual basis of accounting is defined as "the basis of accounting under which revenues are recorded as received in cash except for revenues susceptible to accrual and material revenues that are not received at the normal time of receipt, and expenditures are recorded on a cash basis".

Plant Fund

The Town does not maintain a Plan Fund. Expenditures for property and equipment are recorded in the General Fund and charged to operations at time of purchase.

General Debt

The Town has an outstanding note with the Canal National Bank in the amount of $28,000 payable $14,000 each year plus interest of 6¼% payable semi-annually.
