**DISCUSSION**

Dale has question about the dump and the tires. Dennis explains, that we don't charge the general public for tires. We charge the same \$1 fee for unmounted tires and \$5.00 for mounted tires, no matter what size the tire is, because we don't pay a fee for disposing of them. Dale suggests that we refuse the large truck tires, that need to be unmounted, because we have to take them out of the dump to be unmounted.

Sharon enters the meeting and asks selectmen about a variance granted in 1979 that she cannot find record of, now the land needs to be surveyed and it is not up to code. Selectmen tell Sharon to schedule this individual to meet with them.
