Selectman Foglio called the Public Hearing for the extension of the Building Permit to order at 7:00 p.m. Purpose is to extend the expiration of a Building Permit from 6 months currently to 1 year. Planning Board agrees to this change. Hearing closed at 7:04 pm.

Selectman Foglio called the Public Hearing to order at 7:04 pm regarding a change in the GP Zone to expand along the Route 5 corridor. Explained that this is a basically residential area and this will allow for business. Sue Dunlap, Planning Board Chairman explained that they are changing from where the GP Zone currently ends to extend just beyond the elementary school. Currently that area is A/R Zone which requires 80,000 sq. ft for a single family dwelling and the GP Zone is 40,000 sq. ft. Selectman Foglio listed what's permitted in the A/R Zone and what is permitted in the GP Zone. Explained that they will lose all but two (2) permitted uses except by site plan review and/or Conditional Use. Sue explained that the Planning Board felt that by expanding the GP Zone would give more control to make sure the residents have more say in what goes into that area, it was done as protection for those already there. Explained that existing businesses are not included and home occupations are exempt. Selectman Gale questioned if this should be handled by two (2) separate votes and Selectman Foglio noted that if the ordinance is split into two (2) separate votes will need to start the process all over again. Tom Seery stated that the original request to change three (3) lots to Village and if changing to GP would rather remain the same as they are currently. Sue explained that currently in that zone they would require site plan review at 1,000 sq. ft and if it changes the parking would also trigger site plan review. Stated that there are not a lot of restrictions on site plan review and she doesn't remember anyone ever being denied. Selectman Gale stated that based on the discussion this could not be explained on referendum. Judy Carll, Planning Board Member stated that per the Comprehensive Plan the citizens of this town want it to remain rural in character and this would aid in that goal. Public Hearing closed at 7:48 pm.

Selectman Foglio opened the regular Selectmen's Meeting at 7:48 pm.
