POOR FARM ACCOUNT.

Inmates: John Spencer, Mary Hoyt, Albert Smith, Willie, and Charlie Drownes.

Livestock: Five cows, 1 two-year-old heifer, two shoates and fifteen hens.

Farm produce: 8 tons hay, 15 tons ensilage feed, 40 bushels potatoes, 3 bushels apples, 4 bushels ears of corn, 1 bushel beets, two bushels turnips, 100 lbs. cabbage, 200 lbs. pork, 10 lbs. lard, 10 lbs. butter, 1 bbl. flour, 4 bushels beans, 15 galls. vinegar, 20 lbs. sugar, 20 tons ice. Farm tools: 1 mowing machine, 1 horse rake, 1 spring tooth harrow, 1 cultivator, 1 pair ox wheels and cart, 1 ox yoke, 1 plough, 1 crow bar, 8 tie chains, 1 grind stone, 1 drag rake, 2 scythes and snaths, 3 forks, 2 manure forks, horse hay fork and rope, 2 hoes, 2 shovels, 2 chains, 1 creamery, 1 pair ice tongs, 1 wood saw, 2 axes, 8 cords wood. Household goods: 3 bedsteads, 2 cot beds, 3 feather beds, 4 husk beds, 1 mattress, 12 comforters, 10 blankets, 8 feather pillows, 5

husk pillows, 12 sheets, 12 pillow slips, 3 chambers, 18 chairs, 1 rocker, 1 bureau, 1 churn, 1 butter stamp, 1 clock, 1 washing machine, 1 wringer, 1 tub, 1 clothes basket, 1 wash board, 1 wash bench, 36 clothespins, 3 flatirons, 2 parlor stoves, 1 oil can, 1 lantern, 3 lamp stands, 5 tables, 4 table covers, 3 dozen plates, 15 cups and saucers, 10 knives and forks, 3 pitchers, 4 nappies, 4 bowls, 8 tumblers, 2 platters, 3 glass jars, 1 stone butter jar, 2 jugs, 1 waiter, 2 chopping trays and knife, 1 butcher knife, 2 water pails, 1 dish pan, 2 wash basins, 1 wash boiler, 1 mop, 1 broom.

REMARKS.

In presenting this statement, descriptive of the condition of the poor farm to the taxpayers of the town, with pleasure we call your attention to the assistance the Board has received from Superintendent Perry and wife in the care and management of the farm for the past year; kind and considerate in their treatment of the inmates, a commendable economy continuously practised in the use of supplies, warrants us in urgently advising continuing them in their present position for the ensuing year. A rigid adherence to the policy governing the management of the farm for the past year, will, in the near future, make the farm very nearly, if not, self-supporting.

DISCOUNTS.

F. A. Chadbourne, Collector for 1901, on taxes paid before July 1st,	\$91 85
F. A. Chadbourne, Collector for 1901, on taxes paid before Oct. 1st,	71 49

ISAAC HILL,) Selectmen, Assessors
 B. H. HOYT,) and
 E. H. STROUT,) Overseers of Poor.

REPORT OF THE Road Commissioner.

To the legal voters of Waterboro, the Road Commissioner respectfully presents his report:—

Expense for the winter of 1900-01, was \$283.85. To pay this bill we had \$211.34 appropriated for the fiscal year of 1900; the balance, \$72.23 cents, we drew from the appropriation of 1901.

For labor in winter of 1900-01 I have paid to the following:—

Paid Wm. H. Sherburne,	\$ 11 40
Wm. H. Webber,	2 00
J. L. Chadbourne,	75

SUMMARY OF STANDING OF TOWN.

Resources as above shown.	\$4,122 00
Outstanding orders drawn and not paid.	\$1109 05
Note to Butler Libby.	2000 00
	<hr/>
	3109 05
Apparent resources above indebtedness.	1013 55
Orders drawn prior to Feb. 11, 1901, and included in above orders.	435 11

The selectmen authorized the treasurer to hire a sufficient amount to pay outstanding notes, if it could be secured at a less rate of interest. It was hired of Butler Libby at 3 3-4 per cent. and all outstanding notes were paid, thus reducing the rate of interest from 5 to 3 3-4 per cent.

FRANK H. HOBBS, Treasurer.

I hereby certify that I have thoroughly examined the foregoing accounts, and find them to be correct.

JOHN F. LORD, Auditor.

N. W. CARPENTER,
Superintendent of Schools.

REPORT OF SUPERINTENDENT AND SUPERINTENDING SCHOOL COMMITTEE.

TO THE CITIZENS OF WATERBORO:

Your school board respectfully submit the following report of our public schools:

There have been no schools in Districts 3, 7, 8, and 16 this year. Of each of the other districts we shall make brief mention separately. We have kept the schools open twenty-eight weeks, and have a balance unexpended.

We have essayed to employ capable and energetic teachers, and have been very successful. We think all of them have tried hard to succeed. We have tried to encourage the pupils in their studies and to impress upon their minds the fact that "Knowledge is power," and the importance of taking advantage of school privileges.

Good progress has been made in all of our schools, but we have noticed that better progress has been made in the schools where there has been hearty co-operation of teachers, parents and pupils. And here we would respectfully call the attention of all the parents to the importance of keeping their children regularly at school, and to encourage them by occasionally visiting the schools.

In employing teachers we have given our town teachers the preference, where they have shown equal qualifications, of those out of town that took the examination. Our schools this year have all been taught by resident teachers. The spring and fall terms were visited by Rev. E. B. Dolan, who reports excellent progress in each of the schools.

We have made such repairs as we deemed most necessary, two schoolhouses have been painted outside and one side of the roof of one shingled, besides several minor repairs. Other repairs are necessary which will have to be attended to next year.

We have bought only such books as were positively needed, and are sorry to have to report that we still owe

a small balance on books bought this year. The text books are in a fair condition, though those that have been in use the longest are getting quite well worn. School books like any other books that are constantly in use will wear out. We would earnestly solicit our teachers to impress upon the minds of the pupils the importance of greater care in the use of their books. We shall need to buy some new books this coming year, for the older books are continually wearing out, and some need to be replaced. Occasionally changes need to be made if we would have our children keep step with the progress of the age, and have them educated from up-to-date books.

We have been pleased to see the instructive black-board work that is being done in some of our schools, especially in Dist. 10. The black-board is our school room bulletin upon which we place facts for illustration. We consider good black-boards very essential to the school room. Our schools are quite well supplied though some need to be painted. We have noted with pleasure the excellent progress that has been made in writing, and that our pupils are being taught that writing is valuable, and a necessity on account of its practical uses in social and business life. Regardless of all the "Fads" that are in vogue in writing we would request our teachers to impress upon the minds of their pupils that simplicity, and legibility should be their aim in writing; teach them to write a plain legible hand.

We would earnestly request the parents to visit the schools more than they do, and they will understand them better. Show to your children that you are interested in them, and their work, it will encourage both them and their teacher, and many little differences between parents and teachers will be better understood, and more easily adjusted.

The old school year is behind us, and we are on the threshold of the new, the past is history, untouched opportunities are before us, what concerns us most is the future; we have had the experience of the past, and

should profit by it; doubtless we have made mistakes, who has not? Let us wisely improve the present. By Mr. Dolan's resignation we lost a capable and energetic superintendent and a staunch advocate for education; when we succeeded him we were aware we could not fill his place, but have served you the best we could. We have always taken a deep interest in the education of our children, and here we would impress upon the minds of our teachers and pupils the importance of thorough discipline in school.

The school board should exercise great care in the selection of our teachers, for to them are intrusted to a large extent the welfare of the rising generation. Parents and pupils alike should awaken to a suitable appreciation of our schools, for nothing should be nearer the hearts of parents than the education of their children. Education means much for the destiny of our nation, and the structure is being formed today in our public schools. Our interests are identical, and our school system should be entirely free from party politics.

DISTRICT NO. I.

Spring and fall terms were taught by Miss Margie P. Roberts whose ability as a first-class teacher is known and acknowledged, both terms gave entire satisfaction. Miss Rose Emery was assigned the winter term, but after teaching a few weeks was obliged to resign on account of sickness, but your school board was fortunate in securing the services of Miss Julia I. Bean to complete the term. We have made up the three weeks due from last year in this district; the result of this term has been excellent progression. Thirty-one weeks in this district this year, cost \$201.50.

DISTRICT NO. IV.

Miss Eva C. Thyng taught the spring term, giving entire satisfaction.⁵⁷ The fall term was taught by Mrs. Gertrude Sherburne, who was again appointed for the winter term. Mrs. Sherburne is a teacher of much ex-

perience, and aims to have her pupils clearly and thoroughly understand what they go over; her work done in this school was thorough and the order was of the best. Twenty-eight weeks in this district this year, cost \$182.00.

DISTRICT NO. V.

The spring term was taught by Mrs. Gertrude Sherburne with good results. The fall and winter terms were taught by Miss Eva C. Thyng whose excellent qualifications as a teacher are so well known that comment is unnecessary. Suffice it to say the school has made unusual progress, giving satisfaction to your school board, parents and pupils. We have made up four and one-half weeks in this district due from last year. Thirty-two and one-half weeks in this district this year, cost \$211.25.

DISTRICT NO. VI.

There has been but one term in this district this year, which was in the spring, Miss Ella Smith one of our high school graduates of '99 taught this term. Miss Smith is well fitted for her work and success crowned her labor; her register shows not an instant of tardiness, absence or dismissal during the term. The scholars were transported to district No. 12 at the fall and winter terms. Ten weeks in this district this year, cost \$65.00.

DISTRICT NO. IX.

Miss Maud Smith one of our high school graduates of '99 taught both spring and fall terms. Miss Smith has shown herself to be a capable and energetic teacher, and the result of both terms was most satisfactory. Miss Ella M. Holmes one of the high school graduates of 1899 was assigned the winter term. This was Miss Holmes's first experience as teacher, and she has been very successful; she is an energetic worker, and we are pleased to report good advancement and a profitable term; twenty-eight weeks in this district this year, cost \$182.00.

DISTRICT NO. X.

Miss Lena Alice Bean, and Miss Etta A. Holmes were employed the entire year in this district, Miss Bean having charge of the upper grade and Miss Holmes the lower. Both teachers are especially adapted for their work, and are to be commended for their earnest efforts and the successful performance of their duties. In both rooms the pupils and teachers have worked harmoniously together. Clarence Thyng Carll was not absent a day during the year. Twenty-eight weeks in this district this year, cost \$364.00.

DISTRICT NO. XII.

Mrs. Avis S. Clement taught both spring and fall terms, and was appointed to teach the winter term but after teaching five weeks was obliged to resign on account of unavoidable circumstances. Mrs. Clement gave excellent satisfaction. Your school board was much pleased with her methods, one thing being especially noticeable her aim and desire was for the advancement of her pupils. Miss Margie P. Roberts was employed to finish the term to the satisfaction of all, twenty-eight weeks in this district this year, cost \$182.00.

DISTRICT NO. XIV.

Miss Julia I. Bean taught both spring and fall terms doing excellent work, and giving satisfaction to all. Miss Bean's ability is unquestionable, and her success in this school was but a repetition of her former school work. She was assigned to teach the winter term, but on account of sickness was unable to take the school, and Miss Ina M. Johnson, one of our high school graduates of 1901, was employed for the term, but after teaching 6 3-5 weeks was compelled to resign on account of sickness. This was Miss Johnson's first school, and at your superintendent's visit near its commencement, the school was in good working order; both teacher and pupils seemed to find plenty to do. On account of its closing suddenly we are unable to report the progress

made. Miss Johnson possesses excellent qualifications and requisites to make a first-class teacher. Seven days are still due this district which will be added to one term next year. Twenty-six and three-fifths weeks in this district this year, cost \$172.90.

DISTRICT NO. XV.

Miss Myrtle Johnson taught the spring term and Miss Ella Smith the fall term; under Miss Smith's instruction unusual progress was made. We were unable to secure her services for the winter term, and Miss Florence M. Woodward was assigned the school. Miss Woodward is one of our high school graduates of the class of 1901 and this was her first experience in teaching, and we are pleased to report that she has done splendid work; near its close we found a decided advancement in the school. We noted the order, and attentiveness of the pupils to their studies. Have made up one week in this school due from last year, twenty-nine weeks in this district this year, cost \$188 50.

HIGH SCHOOL.

We have kept the school open 33 2-5 weeks at a cost of \$500 one-half paid by the state.

Mr. Chas. L. Clement has been employed as principal for the whole year, and under his able instructions the school has done excellent work, and has rapidly advanced and is in a prosperous condition.

Mr. Clement has proved himself to be a competent and proficient teacher, manifesting interest and energy in his work.

A class of fourteen entered last fall making the attendance forty-five. The senior class of five will complete its course in the spring, and we have no hesitation in saying they will keep up the record of the classes previously graduated.

Our second class of eight graduated last June returning much credit upon themselves. The exercises

of the class were conducted in a very appropriate manner, showing deep and thoughtful study and a high grade of work.

We should be proud of our high school, and of the advantages which we have to give our children an education at so small a cost.

Last year our able predecessor called your attention to the fact that an assistant teacher was very much needed to bring about the best results. No provisions were made for one, and at the commencement of the fall term your school board, realizing the need of one, selected one for the place, and he has served you since that time without any expense to the town. We would again respectfully call your attention to the matter, and suggest that some provision be made to employ an assistant for this coming year.

The present Principal does all that any one can do, but no one man can do justice to a school of this size and grade, and when an assistant is so much needed would it not be wisdom to make some provision for one? We are aware that there has been some severe adverse criticism relative to the high school, largely from those that have no interest in the school or the education of our children. But notwithstanding this, the progress of the school by persistent effort and industry has been steadily onward, and has attained a high position with other schools in the State, and realizing that on account of its worthiness the citizens in the past have given it their confidence and support. We predict for it still, a prosperous future, and trust that our predictions will be more than verified by graduation after graduation of our boys and girls who by their ability, vigor and self-effort are striving to obtain an education.

In closing we desire to express our appreciation of the kind and courteous treatment which we have received from the teachers and pupils and all that our interested in the schools, and for their hearty support, and

Respectfully submitted,

H. B. SWETT, Town Clerk.

*Not returned in time for report last year.

A. E. Garnsey,
THE
YORK COUNTY
Jeweler,
SANFORD, ME.

According to the reports of Horological Journals there are more watches spoiled by would-be watchmakers than there are that ever wear out. Can you afford to have your watch spoiled? If not bring it to A. E. Garnsey, who has and can make a watch complete.

DEALER IN

**Watches, Clocks
and Jewelry**

\$11.80 For a 17 Jeweled Adjusted Waltham movement in a 32 Year Gold filled case.
