Steve Kasprzak, Chairman of the Finance Committee needs to know if there is still a need for \$2500. request for legal fee since there is still a balance of \$10000. in the legal account. Also will the Board change the request for \$25000 for Comprehensive Plan to sum when matched with State would equal \$25000. Town Planner to check the exact amount, approximately \$6500. State will be releasing amount in three installments.

Board discussed fees generated by the Board needing to be placed in an account for the Board. Does the section in zoning need to be clarified? Chairman will check with the Selectmen regarding this matter.

Town Planner noted that the assistant planner from Sanford would be in on Tuesday evening to speak with the Selectmen regarding the position of Town Planner soon to be vacant. Board might like to be present at this meeting.

Roland Denby informed the Board members that Saco River Corridor Commission might not be in existence much longer due to lack of funding. Permits will be issued by other Commissions under Great Ponds and River Act.

4. WOODLAND HEIGHTS:

Can the Board require storm drainage, on site wells and water lines? Discussion by the members followed with no determination. Andrew Timmis also reviewed his findings and noted these on plans.

Should a letter be sent to the Zoning Board of Appeals regarding the upcoming hearing for a lot in Alder Acres? Possibly a member of the Board could attend the Public Hearing. Error appears to have resulted from the cul-de-sac not being finished prior to the house being built. The Board should consider this prior to Final approval of subdivisions in the future so that this would not be a problem. Improvements to new roads in subdivisions should be at a certain stage before the issuance of an Occupancy Permit.

Town Planners comments:

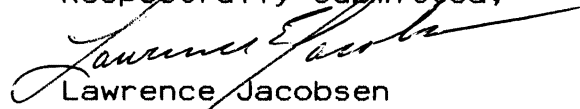

Andrew would like to bring Jim Upham and Chris Huck in for the next meeting of the Planning Board to go over work plan submissions. Also he had informally discussed with Jim and Chris assisting the Board until a replacement is found.

Peter Delfonzo of Sebago Technics has been in touch with Andrew and feels that the Woodland Heights project still has holes. Letter dated January 17, 1989 placed on file.

Post storm date for next regular meeting for Friday January 27, 1989.

Meeting adjourned at 10:33 P.M.

Respectfully submitted,

Lawrence Jacobsen
