

SELECTMEN'S MINUTES

February 25, 1987

PRESENT: Chrm Andrew C Woodsome, Jr., Sel Robert C Fay, Sel Dennis Abbott.

(The Selectmen's mtg was not held on 2/24/87 as normal, because the Board was invited to attend a PATCH mtg at the Medical Center. Minutes of that mtg are attached to these).

RECYCLING COMMITTEE:

Sel Fay motioned that the recycling study and recommendations be put on hold until the townspeople decide to or not to hire a Town Planner. Sel Abbott agreed. One of the duties of the planner would be to work with the recycling committee.

LIABILITY INSURANCE:

Dwayne Woodsome, Snowplow Contractor, stopped by the office on 2/24/87 question the amount of liability insurance required by the contract signed by the individual contractors and the amount they actually carry. Dwayne presently carries the required 500,000. none of the other contractors do. Dwayne would like to know how much he should carry, it is not fair to have one contractor pay for 500,000 worth of insurance if the other do not. Dwayne would like to be reimbursed for all the extra money he spent carrying the proper amount. He must renew his policy in March, he will carry the amount the Board tells him to, as long as the other contractors also do.

The Board discussed, at length, this problem. Sel Fay said that the town is covered by the 300,000 limitation policy. Chrm Woodsome, Jr said that if an individual sues the contractor a "piggy back" suit would follow against the Town.

It was decided to hold a mtg with an insurance rep and the Town Attorney to discuss this problem with professionals. This mtg will be held sometime at Town Meeting.

APPROVED:
