Meeting called to order at 8:15 p.m.

APPOINTMENTS

8:00 p.m. – Jack Driscoll reported on the progress of the Habitat for Humanity projects in Waterboro. Thanked Wes & Kathleen Leighton for the use of their building for their yard sale which brought in \$1,500. Also thanked the 7th and 8th grade at Massabesic Jr. High for their contribution of \$3,068.50 raised by holding a dance-a-thon. Will be starting back to work on the Federal Street property on Friday and Saturday. The name of the family has been selected and now just has to be approved through the area office. They should be notified by the middle of next week as well as those not selected and the name can be revealed at that time. The family should be able to move in by late winter or early spring. Discussed ways to volunteer. Reported that he just signed up the Leo's to help as well as some people from Shop N Save to help on the project. The next project will be the lot on Townhouse Rd. and hopes to have the foundation in by fall. They have completed the house in Limerick and will be building a house in Parsonsfield thanks to the owners of Province Lake Golf Course who will be setting aside \$5,000 a year for the next five years towards this project.

8:15 p.m. – John Littlefield addressed the board regarding ambulance 2 which is out of services. The engine needs to be rebuilt and this was to be the trade-in on the new ambulance. Requested to take the funds from the ambulance fund to do the repairs. It will cost \$3,000 to do the necessary repairs but will be given an additional \$1,500 on trade-in to help defray the cost bringing the trade-in allowance up to \$6,000 instead of \$4,500. Motion by Bob to approve the funds to come from the ambulance fund. Seconded by Brenda. Vote 3-0-0. John also reported that Tank 3 did not pass inspection but Ross Corner Fire Dept. has a 1982 which they will sell to the town for \$4,000. Would also like an additional \$2,000 for service. This could come from the Fire Dept. Capital expenditure account. Brenda questioned why the department was not aware that the tanker was rusting out sooner and could have had an article on the warrant for town meeting. Felt that money should be budgeted for things like this. John stated that they have no tank truck at this point. Have 3,900 gals of mobile water right now and this would increase to 5,700 gallons. Bob questioned having a mechanic look at the truck they are proposing to purchase. Motion by Bob and seconded by Willis that they be allowed to proceed with the purchase of the new tank truck. Vote 3-0-0.

Willis reviewed the announcements for the next two weeks.

Discussed the SOG's for the Fire Dept. and questioned why they have not gone to the Public Safety Committee first. Bob not certain what the duties are of the Safety Committee. Will review in a workshop and Nancy to do more research.

Motion by Bob and seconded by Willis to accept the minutes of 6/12 as written. Vote 3-0-0.
